|---|---|---|---|---|---|---|---|
| New Era | Online | Agribank ready to assist farmers amid FMD outbreak… to be assessed case-by-case | He added that early, open engagement with clients will help identify practical solutions during this difficult period, supporting the agriculture sector while protecting the bank's long-term sustainability. "Therefore, any support the bank extends to our clients will not follow a one-size-fits-all approach; each request will be assessed on a case-by-case basis, taking into account the client's circumstances. | None | Positive | Agribank; Ministry of Agriculture, Fisheries, Water and Land Reform | None |
| New Era | Online | Kavango East to get watermelon processing plant… govt sticks to promise | He also shared that Unam's campus in the Zambezi region has completed a prototype and sample testing for mango juice production. Ngurare said this regional layout aligns with Namibia's broader national policy regarding resources, adding that the eighth administration has taken a firm stance on critical minerals, which will require foreign investors to set up domestic processing facilities rather than exporting raw materials. | None | Positive | Office of the Prime Minister; University of Namibia | None |
| New Era | Online | Farmer Louw denies smuggling FMD-infected cattle | But right now, I think our focus should be containing this virus and make sure that it is eradicated. She also shared that government opted to vaccinate FMD-hit cattle rather than cull them as culling is no longer a viable option based on findings by the veterinary experts. | None | Positive | Ministry of Agriculture, Fisheries, Water and Land Reform | None |
| New Era | Online | Fresh chapter for Black Africa | He played a prominent role during his playing days at BA and contributed to team's victories in major cups competitions. "We are registering players, the registration process was extended for a week and that will enable us to have everything inact," he said. | None | Positive | Ministry of Education, Innovation, Youth, Sports, Arts and Culture | None |
| New Era | Online | AOPA Namibia receives international recognition at world assembly | He continued that Namibia has an opportunity to position itself as a leading African destination for private aviation tourism and organised flying tours. "A strong regulatory framework is only as effective as the services that support it," Burger said, adding: "Efficient and predictable turnaround times on licences, certificates and approvals from the NCAA would allow general aviation to make a far greater contribution to Namibia's economy." | None | Positive | Ministry of International Relations and Trade | None |

| Newspaper | Page | Headline | Brief Summary | Government Source Quoted | Sentiment | O/M/A | Comment |
|---|---|---|---|---|---|---|---|
| New Era | Online | Namibia, Zimbabwe strengthen agriculture and trade ties | Agriculture was a focus of discussions during the Zimbabwe-Namibia Trade Mission, where officials highlighted opportunities for businesses to expand exports, improve food production, and invest in agro-processing. His remarks come as President Netumbo Nandi-Ndaitwah has called for greater investment in agriculture and agro-processing to help Namibia produce more food, create jobs and add value to agricultural products before they are exported. | Alfeus Siyamba, Chief Executive | Positive | Ministry of International Relations and Trade | None |
| New Era | Online | Oshikoto governor donates water tank to vulnerable family | Some people in the community mock me and my children because of how we look," she said. Following his visit, Kathindi consulted relevant institutions and stakeholders on ways to assist the family. | None | Positive | Ministry of Urban and Rural Development | None |
| New Era | Online | Family keeps beekeeping business buzzing at Happy Hives | Heinrich Schimming, also affectionately known as HeiniBee, has been actively involved in beekeeping for about a decade and operates Happy Hives with members of his family. Schimming said the business developed after he became interested in keeping bees that regularly visited a water point at Farm Schimmings Rust. | None | Positive | Ministry of Environment, Forestry and Tourism | None |
| The Namibian | Online | What is Namibia's new plan for climate change? | Namibia released its Third Nationally Determined Contribution (NDC 3.0) in September, laying out the country's plan to address climate change. As one of the driest countries in sub-Saharan Africa, Namibia is increasingly exposed to drought, rising temperatures, variable rainfall, floods and wildfires," environment minister Indileni Daniel says. | None | Positive | Namibia Development Corporation | None |
| The Namibian | Online | Namibia, Germany deepen green partnership | Interventions will focus on climate change adaptation, particularly in rural communities, which both governments agreed is a key issue for Namibia. The two countries have previously worked together on projects in renewable energy, sustainable urban development, biodiversity and water. | None | Positive | Ministry of International Relations and Trade | None |
| The Namibian | Online | Planting Trees Should Be Fashionable | Human nature dictates that when our time on earth comes to an end, we should leave behind something valuable for future generations. Besides providing shade, shelter, bearing fruit and other conventional uses of trees, they also serve as natural air coolers in our midst. | None | Positive | Ministry of Environment, Forestry and Tourism | None |

| Newspaper | Page | Headline | Brief Summary | Government Source Quoted | Sentiment | O/M/A | Comment |
|---|---|---|---|---|---|---|---|
| The Namibian | Online | Fighting FMD with Spatial Intelligence | SMARTER ZONING The current discussion about dividing Namibia's FMD-free area into smaller zones makes this particularly relevant. A geographic information system can help test different zoning options before implementation by identifying existing physical barriers, livestock movement corridors, animal concentrations, affected communities, and locations where additional controls could impose unnecessary economic costs. | None | Positive | Ministry of Agriculture, Fisheries, Water and Land Reform | None |
| The Namibian | Online | Durban's uneasy calm: Can the state keep a lid on anti-immigrant violence? | A well-placed source told Daily Maverick: "The police intelligence seems lacking, like it was in July 2021 [when supporters of former president Jacob Zuma rioted during his incarceration, leading to 350 deaths]. SAPS spokesman, Colonel Robert Netshiunda, said police had used stun grenades, tear gas and rubber bullets when necessary during the recent protests. | None | Negative | Ministry of Home Affairs, Immigration, Safety and Security | None |
| The Namibian | Online | President meets Chinese firm behind Hyphen project | President Netumbo Nandi-Ndaitwah met the Chinese company leading Namibia's flagship green hydrogen project during her state visit to China. Hyphen chief operating officer Giuseppe Surace says the company is discussing expanding CC7's role beyond its existing engineering and construction contracts. | None | Positive | Ministry of International Relations and Trade | None |
| The Namibian | Online | Woman arrested for drugs worth N$2.2m at Goreagab | A Namibian woman (38) has been arrested after police seized cannabis and Mandrax tablets worth more than N$2.2 million at Goreagab, Windhoek, on Saturday. The woman is facing charges under the Abuse of Dependency-Producing Substances and Rehabilitation Centres Act for allegedly dealing in prohibited dependency-producing substances, as well as a charge under the Prevention of Organised Crime Act. | None | Negative | Ministry of Home Affairs, Immigration, Safety and Security | ✓ 2026-10-12 — Ministry of Home Affairs, Immigration, Safety and Security: "The Ministry notes the arrest related to prohibited substances. The Namibian Police Force continues targeted operations to combat drug trafficking. Public safety remains our highest priority, and we urge residents to cooperate with law enforcement." |
| The Namibian | Online | Woman suffers serious burns after attack | This was announced in the weekend crime report by national police spokesperson deputy commissioner Kauna Shikwambi. "It is alleged that during an argument, the suspect kicked a pot of boiling porridge at the victim, causing serious burns to her face, hands and legs," she says. | None | Negative | Ministry of Home Affairs, Immigration, Safety and Security | ✓ 2026-10-12 — Ministry of Home Affairs, Immigration, Safety and Security: "The Ministry of Home Affairs, Immigration, Safety and Security notes the reported incident and confirms that the Namibian Police Force is investigating the matter. The Ministry is committed to ensuring justice is served. Public safety remains the Ministry's highest priority." |

|---|---|---|---|---|---|---|---|
| The Namibian | Online | Lawyer Conradie sentenced to pay N$200 000 fine on corruption charges | Conradie and a co-accused, Sara Damases, were sentenced in the Windhoek High Court on Monday. Neither Conradie nor Damases benefited personally from the scheme in which they were involved, though, Masuku noted. | None | Neutral | Mobile Telecommunications Limited | None |
| The Namibian | Online | Keetmanshoop man arrested for killing girlfriend | Shikwambi says Waterboer's next of kin have been informed and police investigation continues. The victim was taken to Rundu Intermediate Hospital and is in a serious condition. | None | Negative | Ministry of Home Affairs, Immigration, Safety and Security | None |
| The Namibian | Online | Agribank to assess FMD-hit farmers for repayment relief | Agricultural Bank of Namibia (Agribank) chief executive Robert Eiman says the restrictions could put pressure on farmers who are unable to sell or move livestock while still having to meet their financial obligations. However, the bank did not specify what repayment options could be made available to affected borrowers, such as payment holidays, loan restructuring or extensions. | None | Neutral | Agribank | None |
| The Namibian | Online | FMD derails Namibia's El Niño plans | Last month, the Namibia Meteorological Service said it expects El Niño conditions to strengthen from October, potentially bringing a hotter and drier than normal rainy season. The outbreak has disrupted livestock sales, including auctions, making it difficult for farmers to reduce their herds in preparation of possible dry conditions. | None | Positive | Ministry of Agriculture, Fisheries, Water and Land Reform; Namibia University of Science and Technology | None |
| The Namibian | Online | Training puts farmers' field schools in focus | Farmers learn in the field through practical activities involving crops, soil, water and other natural resources. The schools aim to help communities address challenges such as land degradation, water scarcity, climate change and biodiversity loss, while improving agricultural production. | None | Negative | Ministry of Agriculture, Fisheries, Water and Land Reform; Ministry of Environment, Forestry and Tourism | None |
| The Namibian | Online | Crowdfunding for a Kunene mine | Salom said responsible financing must protect existing livelihoods, which means rehabilitating the environment in addition to funding exploration. He said there are many ways to finance mining and that good projects would be bankable. | None | Positive | Namibia Investment Promotion and Development Board | None |
| The Namibian | Online | Man dies after being struck by train near Ondangwa | Trains require considerable distances to stop and have the right of way on railway lines," he says. Van Jaarsveld adds that TransNamib remains committed to promoting railway safety through community outreach and public awareness initiatives. | None | Negative | TransNamib Holdings | None |
